

# Save up to 50% off your energy supply costs

- ✓ No cost to join
- ✓ Local energy
- ✓ In minutes
- ✓ \$100 Sign-up Bonus

Limited spots available

## The Village of Park Forest residents

Income-qualified homeowners and renters in the Village of Park Forest can enroll in community solar! By signing up for clean energy through Solstice, you'll earn savings on your electric bills and support resilient, locally distributed energy for our community. Participants receive a \$100 Visa-Gift Card as a sign-up bonus.

### Enroll Online

We'll connect you to a share of an Illinois solar farm that produces clean energy on your behalf and gives you credits on your electric bills.

### Support Clean Energy

When you join, your solar share sends its energy through your utility's power grid, so there's no need to install anything on your home or switch your provider.

### Feel Good

You will get your electricity as normal, no change to your everyday life, except for the savings you get and the good feeling of supporting clean energy.

**GO GREEN AND SAVE**

# ON YOUR MONTHLY ELECTRIC BILL WITH SOLSTICE COMMUNITY SOLAR

## How it Works for You

1

### Enroll Online

We'll connect you to a share of an Illinois solar farm that produces clean energy on your behalf and gives you credits on your electric bills.

2

### Support Clean Energy

When you join, your solar share sends its energy through your utility's power grid, so there's no need to install anything on your home or switch your provider.

3

### Feel Good

You will get your electricity as normal, no change to your everyday life, except for the savings you get and the good feeling of supporting clean energy.

\*The above illustration is not a real utility bill; it is only an example. Savings are applied to the supply portion of your bill, which is typically about half of your electric bill. The impact of the solar bill credits on your utility charges can vary month to month. Solstice is not affiliated with a utility. Please note that participants will still be responsible for a utility bill.
