GUIDE

Flamin' Hotties!

SHOPPING & SERVICES

A message from Mayor Vanderbilt...

You will find over 200 businesses listed in this guide, including businesses with home-based locations and those that have commercial addresses. You can use this *Shopping and Services Guide* to shop for food and household items, including paper goods and cleaning supplies, as well as used furniture, home decorations, and art work. If you are searching for services, you will find many businesses to meet your needs, from beauty and barber shops, automobile and home repair, counseling, health care, and consultants of all varieties, banquet halls and conference facilities, tattoos, massages, and manicures. If you need assistance for the young children or the

senior citizens in your life; if you are planning for a new baby, a wedding, or even a funeral, look no further than this guide.

Since summer of 2021, when the last Shopping and Services Guide was published, the Village has welcomed the following new commercial businesses: 4S Wellness Services LLC, Auto-Lab Express, LoLo's Gourmet Cookies, Universal Healthcare Staffing LLC, Windland Inc, and Wings Galore. 2nd Congressional Dems on the Move and Inner City Empowerment are expected to open within the next few months. The Poppin Plates commercial kitchen now has 26 caterers serving a diverse menu. Home-based businesses are also thriving in the Village, with 26 new businesses added in the past ten months.

The Village prepares and distributes the Shopping and Services Guide each year to make it as easy as possible for you to SHOP PARK FOREST FIRST for all your needs. I hope you reach for the guide each time you need something because that's the best way to ensure that Park Forest businesses continue to succeed and serve you and your neighbors for years to come!

Sincerely,
Mayor Jonathan Vanderbilt

THE 5 Rs OF WASTE

That's right - there's more than just Reduce, Reuse, Recycle.
 Here are the 5 Rs of waste reduction presented in order of environmental benefit:

The best way to address waste is by not creating it in the first place.

If you have to throw stuff out, keep it out of the trash to help save resources, conserve energy, and reduce air, water, and land pollution.
