

Village of Park Forest

Small Business Energy Efficiency Grant Application

Small Business Energy Efficiency Grants are available to help businesses in Park Forest save money and reduce their environmental impact. In order to be eligible, work must be done in partnership with ComEd and Nicor's energy efficiency programs and the recipient must agree to provide the Office of Sustainability with an annual report of their total electricity use for a minimum of five years and one year of historical data.

Applicant Information

Business Name: _____
Address: _____
Telephone: _____
Contact Person: _____
Relationship to Business: _____

Grant Information

Grant amount cannot exceed 1/2 of the total cost of the project up to a maximum of \$1000. A copy of ComEd's Facility Assessment of the property and a paid invoice must be included. Grant will be payable upon completion of the work by a ComEd installer and proof of paid invoice.

Grant Amount Requested: \$ _____

Data Sharing Agreement

I agree to provide the Office of Sustainability with at least the next 5 years of data on the total yearly electricity use of my business and the past year's energy use in the form of electricity and gas bills from ComEd and Nicor. This data will be used exclusively within the Office of Sustainability for the purposes of carbon emissions tracking and will only be shared anonymized unless another agreement is made. If the business closes or leaves Park Forest, I will notify the Office of Sustainability. Signature: _____
